**Schedule Change:** Note the **3200m** run has been moved to Friday night with 6:30 pm start beginning with girls followed by boys. All other events are scheduled at their usual time on Saturday. We expect this will bring new excitement and participation to the 3200m. We will also run a limited number of preliminary heats for girls in individual races during the Saturday morning session. These changes should not affect our ability to complete the afternoon finals on schedule as has become a hallmark of our meet.

We pride ourselves in running a first class meet with fine competition that runs on schedule. FAT will be used on all running events in the prelims and finals.
